

The following 10 projects have been selected for financial support under the **Student Idea Grant Scheme, 2025** after evaluation by an expert committee approved by the Hon'ble Vice-Chancellor. Each selected project will be granted **1 lakh** to support the development of a **Minimum Viable Product (MVP)**.

S. No	Project Title	Team Leader	Semester/Branch
1.	Aerial Assisted MANET deployment for emergency communication using autonomous drones	Mohd Zahid Shah	1 st / ECE
2.	Physical Vapour Deposition for Microelectronics & Neural-Computational Interface	Murtaza Abass khan	1 st / ECE
3.	Smart UV Based Closed Surface & Air Disinfection System in presence of human beings using Computer Vision	Muqadus Manzoor	Passout (2025) / ECE
4.	Smart Hot Water Bottle Cap Add on for Heating	Haddie Sofi	3 rd / Civil Engg
5.	Tank Safe Magneto-Sense System	Nuha Malik	5 th / ECE
6.	Dual-Mode Gear-Integrated Generative Assist System (D-GIRAS)	Arif Mohammad Wani	1 st / Mechanical Engg
7.	Development of 3D-Printable Alkali-Activated Material using Local Industrial By-Products of Kashmir	Mohd Waaqid Makhdoomi	7 th / Civil Engg
8.	Smart Mobile cover SOS : Intelligent distress detection and alert system	Gharnooq Zahoor	3 rd /ECE
9.	On the go Fuel Theft and Level Monitoring System	Sheikh amaan	3 rd /ECE
10.	Safe Drive Guardian: An Intelligent IoT and AI-Powered Road Safety System	Zubair Ahmad Dar	7 th / Mechanical Engg
